Subject: Orientation Programme on NCERT Textbooks for Classes I-III in alignment with NEP 2020 and NCF-FS 2022

In accordance with the National Education Policy (NEP) 2020 and the National Curriculum Framework for Foundational Stage (NCF-FS) 2022, NCERT has developed new textbooks for grades I, II, and III. These textbooks embody the educational principles and approaches aimed at enhancing the learning outcomes of our young learners.

To facilitate the seamless integration of these textbooks into classroom teaching, NCERT, in collaboration with CBSE, has conducted a comprehensive capacity-building programme focused on these textbooks. The links to these orientation sessions have been uploaded and are being shared with you below. It is imperative that all teachers gain a deep understanding of the principles and methodologies embedded in these new textbooks.

All the concerned officials of Department of Education (DoE) and local bodies (MCD, DCB, NDMC) are requested to ensure that all primary grade teachers participate in an online orientation programme and watch the designated videos on or before **10th May 2024**. Furthermore, Heads of Schools are required to submit a completion certificate to their respective school detailing the names and employee IDs of the teachers who have completed the orientation on the link below.
