The Principal of DIETs

Delhi/New Delhi

Sub: Establishment of Resource Centre on Museums as a teaching-learning tool

Sir/Madam,

SCERT is planning to setup a resource centre for developing the concept of "Museum as a source of learning for the children and teaching aid for the teachers". As a part of this endeavour, it is proposed to train the teaching faculty of the DIETs for using a Museum as a resource. Faculty members who undergo the training will be required to deliver lectures from time to time in the various schools of the Directorate of Education, MCD and NDMC and may also at a future date be required to visit the SCERT/DIETs in others parts of the country.

Trained faculty members will be treated as permanent resource for imparting teacher training on the use of Museum as a teaching/learning aid. Interested faculty members may kindly forward their names through DIET Principal to The Director, SCERT within a fortnight and in any case by 11th of July 2011.

It is for the information of all concerned that it may not be possible to train the entire interested faculty in the first instance.
