Subject: Training Programme for all teachers of Directorate of Education on DIKSHA Delhi portal "LEAD" Titled: "Understanding of an Inclusive Classroom"

SCERT, Delhi is announcing the launch of an online training program on the DIKSHA portal focusing on "Understanding the Inclusive Classroom." Inclusive education stands as a beacon of equity, justice, and quality education for all children, especially those marginalized due to disability, ethnicity, gender, or other characteristics. With the National Education Policy (NPE) 2020 aspiring to achieve inclusive and equitable quality education by 2030, it is imperative for educators to embrace the philosophy of inclusion wholeheartedly.

As we strive to implement successful models of inclusive education at the school level, it is crucial for teachers, principals, and education stakeholders to cultivate a positive attitude towards inclusion. This entails a deep understanding of the inclusive classroom and its pedagogy, along with a firm conviction in the benefits that inclusive practices offer to all children.

We invite you to join us in this endeavor as we embark on a journey towards building inclusive classrooms that embrace diversity and ensure the holistic development of every learner.

This training has been provisioned on DIKSHA-LEAD platform for all teachers of Directorate of Education.
