Date: 04th Oct 2024

Subject: Data Collection for Research Study on Social and Emotional Challenges Faced by Teachers and Students across the Stages in School Environments

The Department of Life Skill and Civic Education, SCERT Delhi has undertaken (PAC approved project 2024-2025) a significant research study titled "*Social and Emotional Challenges Faced by Teachers and Students across the Stages in School Environments: An Exploratory Study.*" This study aims to explore the hidden struggles, classroom dynamics, institutional factors, and coping mechanisms of social and emotional challenges faced by both teachers and students in school environments.

It is requested the support of all schools in the DoE in this important endeavor. To facilitate the data collection process, the *Educational and Vocational Guidance Counselors (EVGCs) - for students* and all the teachers from your school to participate by filling relevant data and insights. The involvement of EVGCs is crucial, as their understanding and experience in dealing with the social and emotional well-being of students and staff will provide valuable contributions to this study.

The following is the format of data sheet in which this data has to be filled and sent through mail at lifeskillscert@gmail.com.

<https://docs.google.com/spreadsheets/d/1b0e2VekAE0KGGyjQsy9i1Ch-DuGbvqVLDDQJpWZo7mQ/edit?usp=sharing>

- Timeline:
 - Data collection is expected to commence on the date of circular and conclude by 31/12/2024.

Action Required:

1. EVGCs- for students and teachers are requested to download and fill the data sheet.
2. Schools are requested to ensure smooth participation of both teachers and students in the data collection process.
3. Schools are encouraged to provide any additional support or information that can aid the EVGCs and teachers in filling the accurate data.

Your cooperation and active participation in this research study are vital to understanding the challenges faced in the current school environments and in developing comprehensive support systems for both teachers and students.

Data Confidentiality:

SCERT assured that all data collected during this research will be treated with the highest level of confidentiality. Individual responses will remain anonymous, and no personal identifiers will be used in any reports or publications. The data will be securely stored and only accessible to authorized members of the research team. All information will be used solely for research purposes and will not be shared with any third parties. Upon completion of the study, all personal data will be securely destroyed in accordance with data protection regulations.
