CIRCULAR

Sub: One Day orientation cum feedback from school Principals of School Experience Programme

Rationale:

The School Experience Programme is a vital component of a Bachelor of Education (B.Ed.) curriculum, which allows trainee teachers to gain practical teaching experience in real classroom settings. To ensure the success and effectiveness of this program, it is imperative to incorporate an orientation cum feedback mechanism involving school principals. This rationale outlines the key reasons for the inclusion of such a mechanism:

- Alignment with Educational Objectives
- Quality Assurance of teacher training programme
- Feedback from school principals offers valuable opportunities for professional growth
- School principals can provide an objective assessment of trainee performance, helping program coordinators and educators evaluate the effectiveness of the training and make necessary adjustments.
- It will help in Real-World Application. Often trainee teachers face challenges and complexities in real classroom settings that cannot be adequately addressed in a purely theoretical environment. By receiving feedback from school principals, B.Ed. trainees can gain a deeper understanding of the practical aspects of teaching, thus improving their readiness for actual teaching roles.
- Enhancing School-Institution Partnerships
- It will help in providing personalized support to trainees. Feedback from school principals can help tailor support and professional development opportunities to meet each trainee's specific needs, promoting personalized growth and success.

The integration of an orientation cum feedback mechanism from school principals into the School Experience Programme for B.Ed. Trainees is crucial for the program's success. It aligns

the program with its educational objectives, maintains quality, supports professional development, ensures accountability, and enhances the partnership between educational institutions and schools. Ultimately, this approach contributes to the preparation of well-rounded, effective, and reflective educators who are ready to make a positive impact in the field of education.

Therefore, an orientation cum feedback programme on the subject cited above is going to be organized for one day orientation dated 23rd October, 2023 during the Academic Session- 2023-24 in B.Ed. Division, SCERT for School principals & School Monitors of SEP of attached list of schools.
