Date: 11/11/25

Circular

Subject: Two days Training of Nursery Aaya.

An *Aaya* (also known as a caretaker or helper) plays an important support role, especially in schools or daycare centers for younger children. The role of the Aaya is integral in creating a nurturing and supportive environment for children, ensuring both their safety and personal development, and allowing teachers to focus on delivering quality education. In the schools of DoE & Local Bodies Nursery Aayas are appointed to support the teachers at pre-primary level. At times during the absence /shortage of teachers, Nursery Aaya's manage the classrooms and thus interact with children. So, there is an emergent need to capacitate the aayas as they are an important stakeholder in effective implementation of ECCE.

Objectives

- To orient the Aayas on ECCE
- To Train the Aayas on engaging the children with the educational Kit in the absence of Teachers

In this regard, it is proposed to conduct 2 days capacity building programme for Nursery Aayas of DoE and MCD. The training is proposed from 12th -24th Nov'2025. The concerned DIET will schedule the training for two days between 12th -24th Nov'2025 as per their convenience and share with the concerned districts. All the concerned HoS are to depute Nursery Aaya to the Training venues on scheduled dates as per the information from DIETS.
