

## **Circular**

**Subject: SCERT/DIET faculty support to schools for strengthening the overall school academic environment through School Transformation Programme (STP).**

The NPE' 86 recommends that the institutions of national importance will be strengthened to enable them to give shape to the national system of education and to cope with the emerging demands of the nation.

Integrated planning will be instituted among all these premier bodies to establish functional linkages and reinforce programme (NPE 1986). As per NEP, 2020 the premiere bodies will play an important role in efficient resourcing in small school complexes Clusters.

Therefore, the role of SCERT along with DIETs in providing academic support to the teachers at schools is of vital importance in the system. It is also essential to understand the overall impact of the support provided in forms of training and interventions to the teachers by SCERT/DIETs. In furtherance, understanding the scope of the role of SCERT/DIET in the continuous strengthening of academic processes at schools is imperative.

The purview of the role of SCERT and DIET in strengthening the same through 'School Transformation Programme' (STP) is shared below:

1. Ensuring smooth implementation of cluster level training and providing operational and logistical support.
2. Supporting TDCs with academic expertise for classroom observations and planning ART meetings in their respective sub clusters.
3. Documenting classroom observations of their sub cluster on the common observation template.
4. Ensuring effective and contextualized alignment of all the programs being carried out with quality assurance in all the schools.

### **Objectives of School Transformation Programme (STP):**

Below are the mentioned broad objectives for support to school by all SCERT/DIET Faculty members for strengthening academic culture:

1. Build a stronger connect with the schools.
2. To ensure the effective implementation of Government led programs/initiatives.
3. Strengthen the culture of supportive observations and giving constructive feedback.
4. Ensuring a supportive connect between DIET/SCERT Faculty and school teachers.
5. Ensuring contextualization of overall District needs.
6. Direct support, follow up and facilitation of interventions and initiatives.

On this note, monthly school visits by all the SCERT/DIET Faculty members to extend the academic support to schools and understand the impact of intervention, observations of academic meetings, performance of teachers through classroom engagements and further designing a way forward, holds a lot of value.

To reiterate, the role of all the DIETs in the ongoing INSET and all Government led programmatic activities, has already helped in paving a way forward and providing a wider scope in visiting schools on a monthly basis. This will also help in sustaining the culture of academic discourses in schools and align the HoS, TDCs, and teachers on the same page.

Therefore, in furthering the vision and mission of the SCERT in the pre-service, in-service and all Government led program interventions, the role of all SCERT/DIET Faculty members along with the DCs, MTs and TDCs in initiating and strengthening the processes, is the need of the hour.

### **Structure of the School Transformation Programme (STP):**

In order to achieve this, a structure will be followed as appended.

1. The SCERT/DIET Faculty members will visit each allotted school of their respective sub cluster at least once in a month to observe the ongoing processes and interact with the school staff.
2. Then, they will fill the observation form as provided by SCERT.
3. Following the monthly school visits, on every Second last working day of the month, a network meeting of all the respective DIET-STP Faculty members will be held to discuss their experiences during the month and share their plan of action for the next month under the guidance of the respective DIET Principal. DIET Principal will be the Nodal Academic Authority (NDA) of their respective district.
4. Further, the action steps are to be shared with the SCERT on a shared platform by the NDAs on the every last working day of the month. The Reflection session will be chaired by the Joint Director (Academic).
5. SCERT will then share the insights of the DIET faculty members with the Knowledge Partners and plan way forward collaboratively every quarter.

Programme of district South East (SE) will be managed by Principal, B.Ed. Division, SCERT. Dr. V K Pathak, Nodal Officer of INSET Cell, SCERT will be the Convener of the programme. Sub Cluster wise allotment of faculty of SCERT/DIET is enclosed herewith as Annexure A.

This is issued with prior approval of the Competent Authority.

**(Dr. Nahar Singh)**
