CIRCULAR

An updated website for an educational organization ensures current information on courses, programs, faculty, and resources. It enhances credibility, attracts prospective students, and improves user experience which showcases the organization's commitment to quality education, innovation, and staying abreast of the latest educational program.

It is crucial to ensure that the information presented on SCERT's official website i.e. <http://www.scert.delhi.gov.in> is accurate, up-to-date, and aligned with our current initiatives. Maintaining accurate and up-to-date information can enhance our online presence, engage our audience, and build trust and credibility with our stakeholders.

Each department kindly reviews the content related to your department on the official website to provide our visitors with the most relevant and reliable information. Take a moment to verify the accuracy of the information and check for any outdated content or broken links. If any changes occurred notify the WIM team through mail i.e. scertportal@gmail.com.
