ABOUT SCERT

The State Council of Educational Research and Training (SCERT), established in 1988, plays a crucial role in providing quality education in Delhi schools. It oversees and guides the nine District Institute of Educational Training (DIETs) located in different parts of Delhi, which conduct a two-year pre-service Diploma Course in Elementary Teacher Education, among other activities.

SCERT, Delhi has been a pioneer in pre-service and in-service teacher training and offers academic support to the Department of Education in the Government of the National Capital Territory of Delhi regarding policy formulation and planning procedures. It is involved in the development of various educational materials, including textbooks, supplementary materials, teacher handbooks, manuals, and modules. It also creates content for audio and visual media.

SCERT, Delhi and the faculty of various DIETs have undertaken numerous research projects to enhance the educational landscape in Delhi.

VENUE : TO BE COMMUNICATED SOON

ABOUT CONFERENCE

In the 21st century, innovation and entrepreneurship are vital for economic growth, social progress, and environmental sustainability. NEP 2020 emphasizes nurturing creativity and critical thinking to foster innovation in learners, making education a foundation for knowledge creation and contribution to the national economy.

Traditional educational approaches are inadequate in a rapidly changing world with technological advancements, dynamic global markets, and evolving societal challenges. Entrepreneurship is essential for economic growth and job creation. Research reports highlight the need to revamp education to equip students with 21st-century skills, preparing them for the evolving job market and challenges of modern times.

In this context, SCERT Delhi is organizing a National Conference on 'The Power of Entrepreneurial Education: Developing Youth Mindset for Innovation and Economic Growth'. This conference aims to catalyze entrepreneurial transformation in education.

The conference offers academics, entrepreneurs, students, and intrapreneurs a platform to learn about best practices across the nation, share knowledge, and promote an entrepreneurial mindset. It will inspire students to explore their entrepreneurial ambitions at the nascent stage.

CONFERENCE SUB-THEMES

- Global Perspectives on Entrepreneurial Education for Future Success
- Government Policy Frameworks to Promote Entrepreneurial Education
- Collaboration between Educational Institution and Industry
- Empowering Teachers as Catalysts for Entrepreneurial Learning
- Entrepreneurship and Social Responsibility
- Cross-Disciplinary Approaches in Integrating Entrepreneurship Education
- Impact of Digital Adaptation on Entrepreneurial Education
- Assessment Techniques for Measuring Entrepreneurial Skill/Mindset Development
- Entrepreneurship and Sustainable Development: A Synergistic Approach
- Case Studies: Strategy to Implement Entrepreneurship Mindset Curriculum in Education System
- Students led Entrepreneurial Initiative
- Any other topic related to Entrepreneurial Education.

CALL FOR PAPERS/ BEST PRACTICES

SCERT, Delhi welcomes original and unpublished research papers and articles from a diverse range of contributors, including teachers, teacher educators, research scholars, independent researchers, and other stakeholders. While submitting your papers, it is essential to adhere to the guidelines mentioned in the brochure.

While it is preferred that research papers align with the specified themes, we strongly encourage contributors to also submit papers addressing entrepreneurial mindset and exemplary practices. This includes initiatives undertaken by educational institutions or government bodies related to school, college, institution, and university education, as well as teacher education, even if these initiatives extend beyond the aforementioned themes.

The Invitation is also extended to invite best practices from schools, colleges, and institutes that focus on fostering an entrepreneurial mindset. This encompasses various efforts such as startup programs, incubation centers, and other innovative initiatives within the realm of entrepreneurship.

PAPER SUBMISSION GUIDELINES

- Abstract should be written in 150-250 words, 12pt. font size and Times New Roman Font with 1.15 line spacing with 4 to 5 keywords.
